

# Biological Contexts for Sex and Gender

An interview with  
Dr Rowan Barker-Clarke

**What kinds of scientific  
questions interest you the most?**

**When and how did you know  
you wanted to be a scientist?**

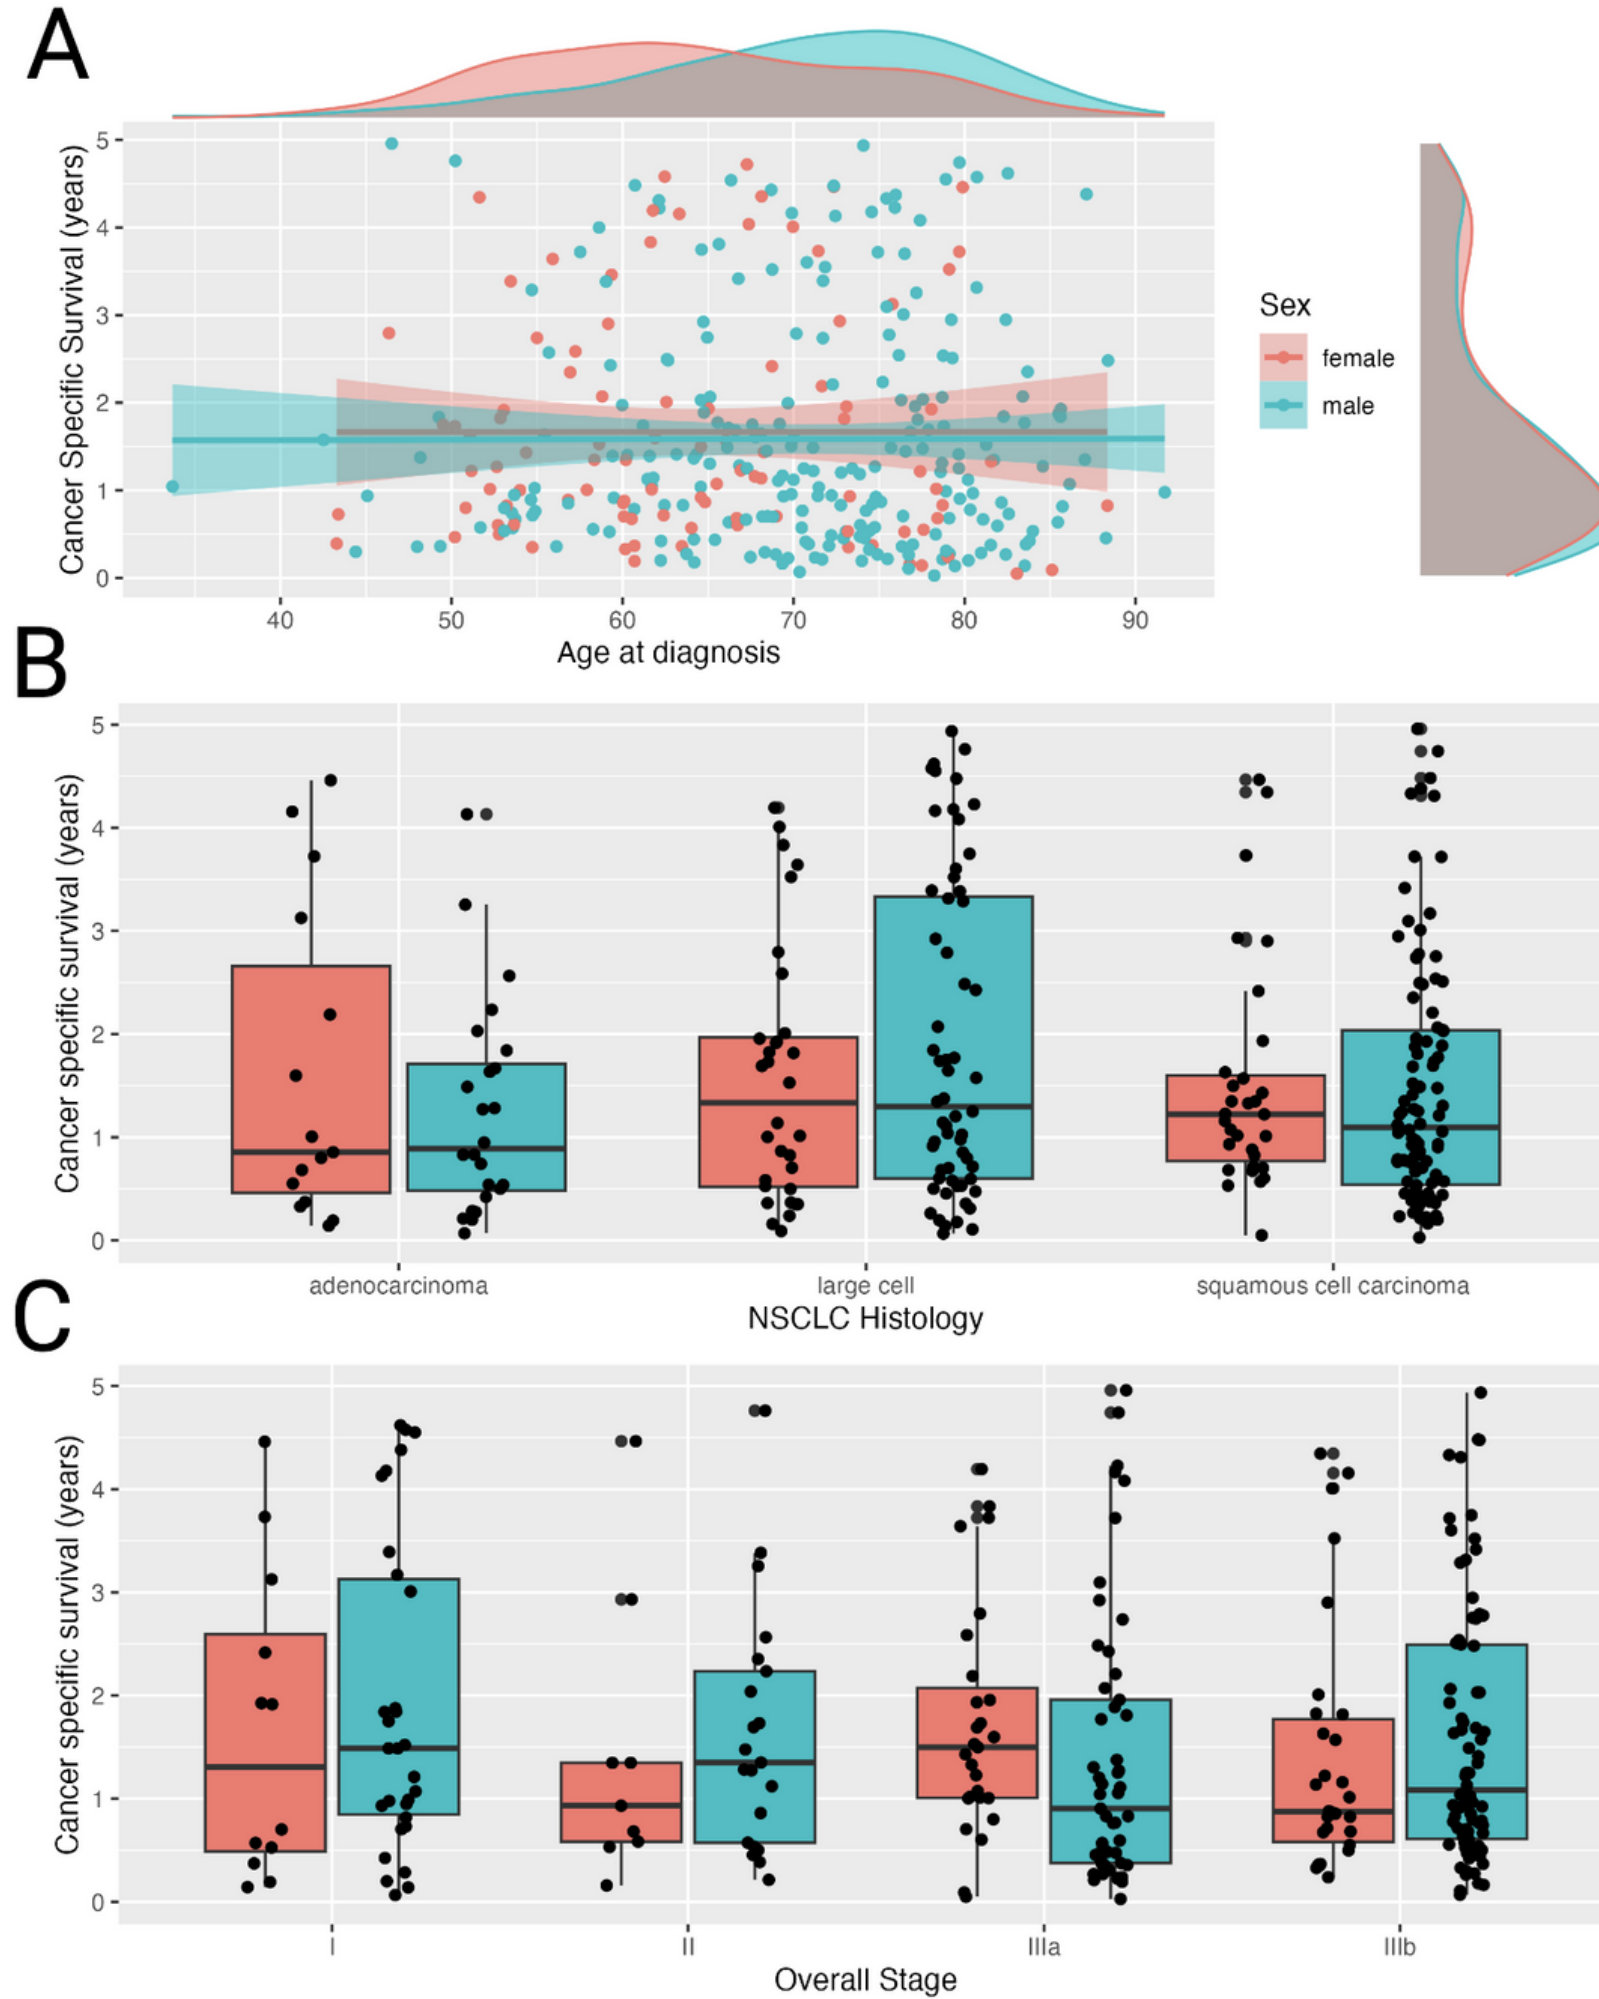

**Tell us about the paths that led  
you to your current job**

**What is it like being a scientist  
who identifies as transgender?**

**Tell us about a moment when  
you felt like you really belonged  
in the field of science**

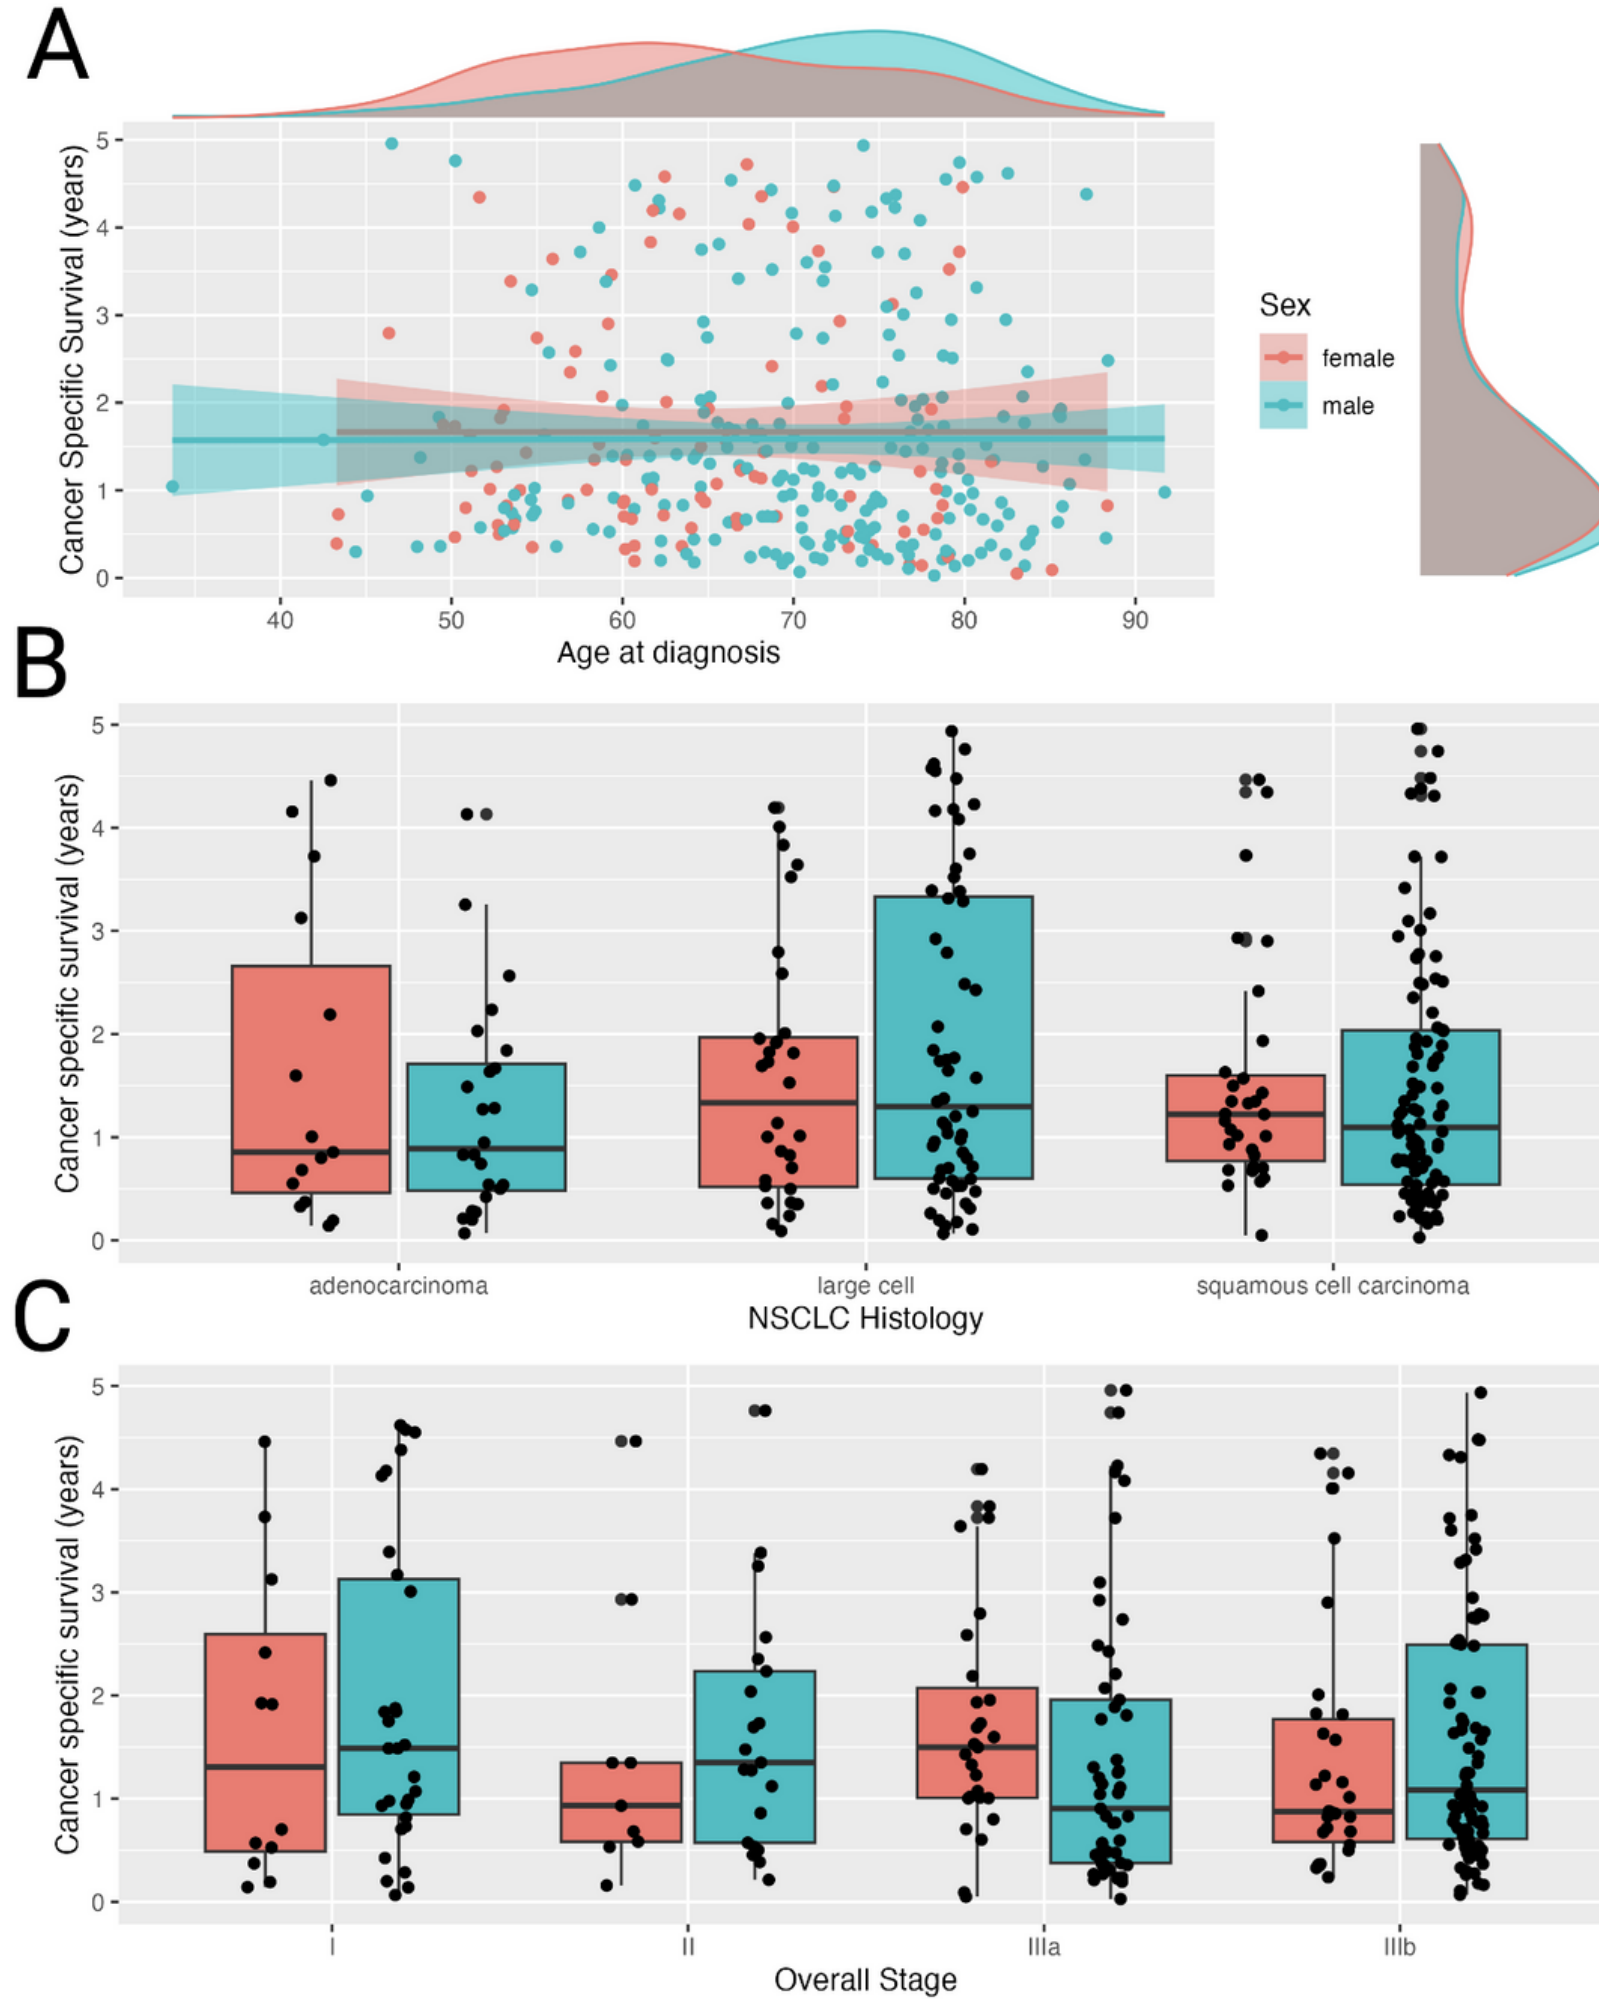

**How do you balance work with  
other interests?**

# Orient us to this graph we've been working on

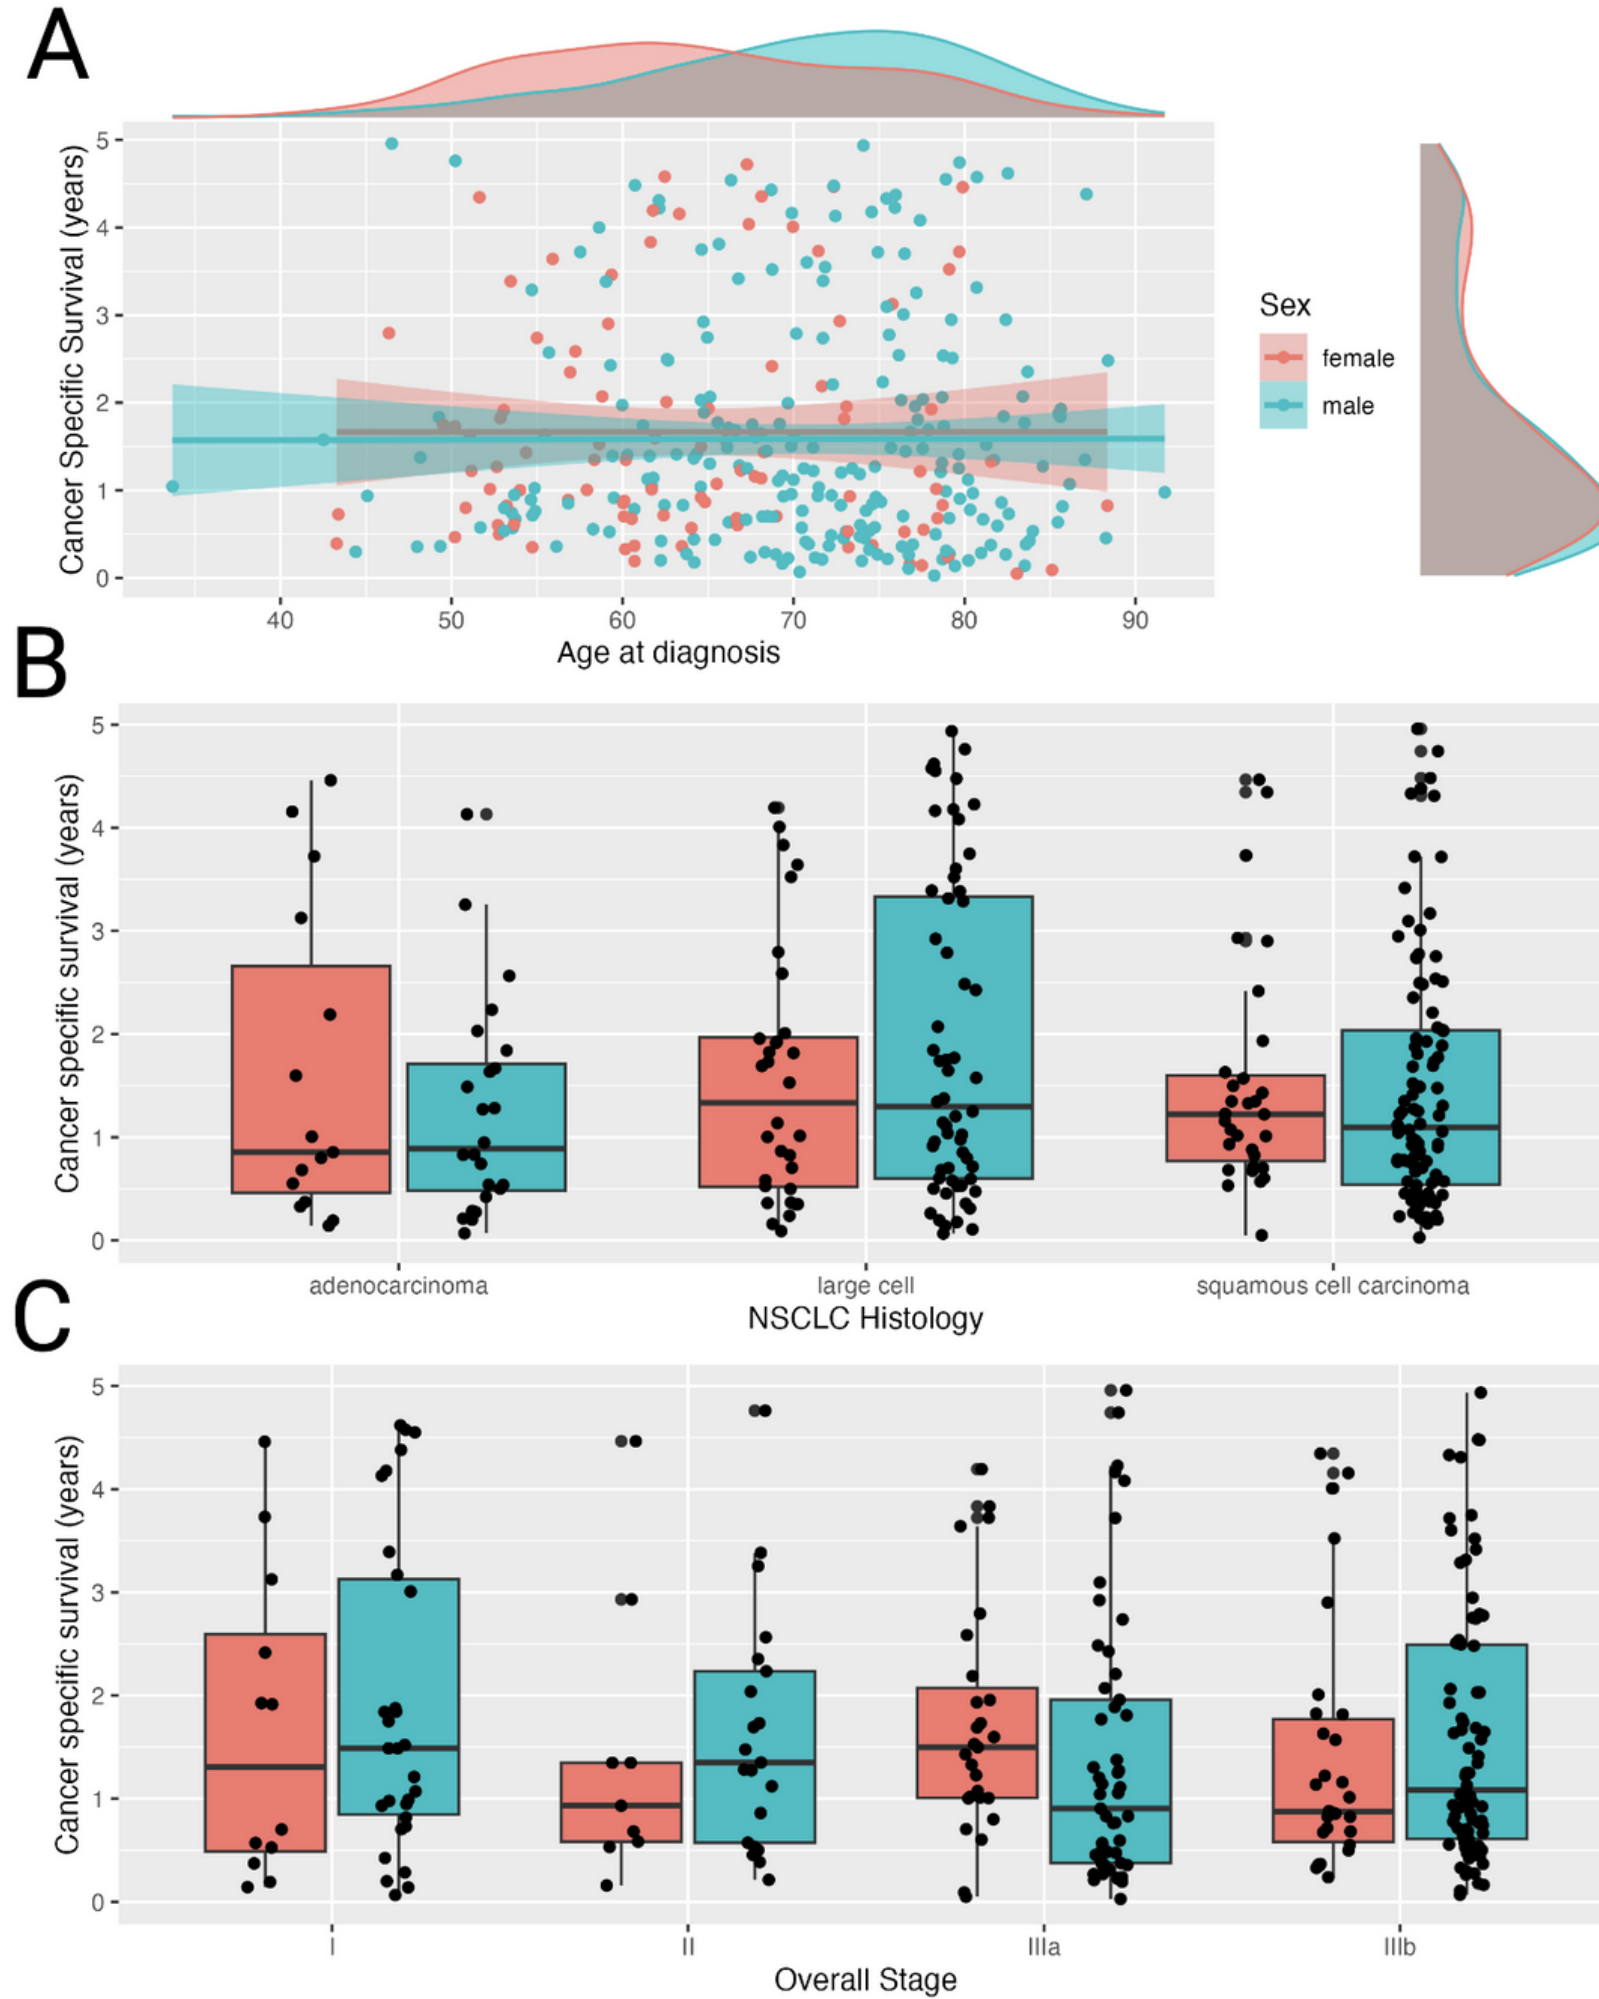

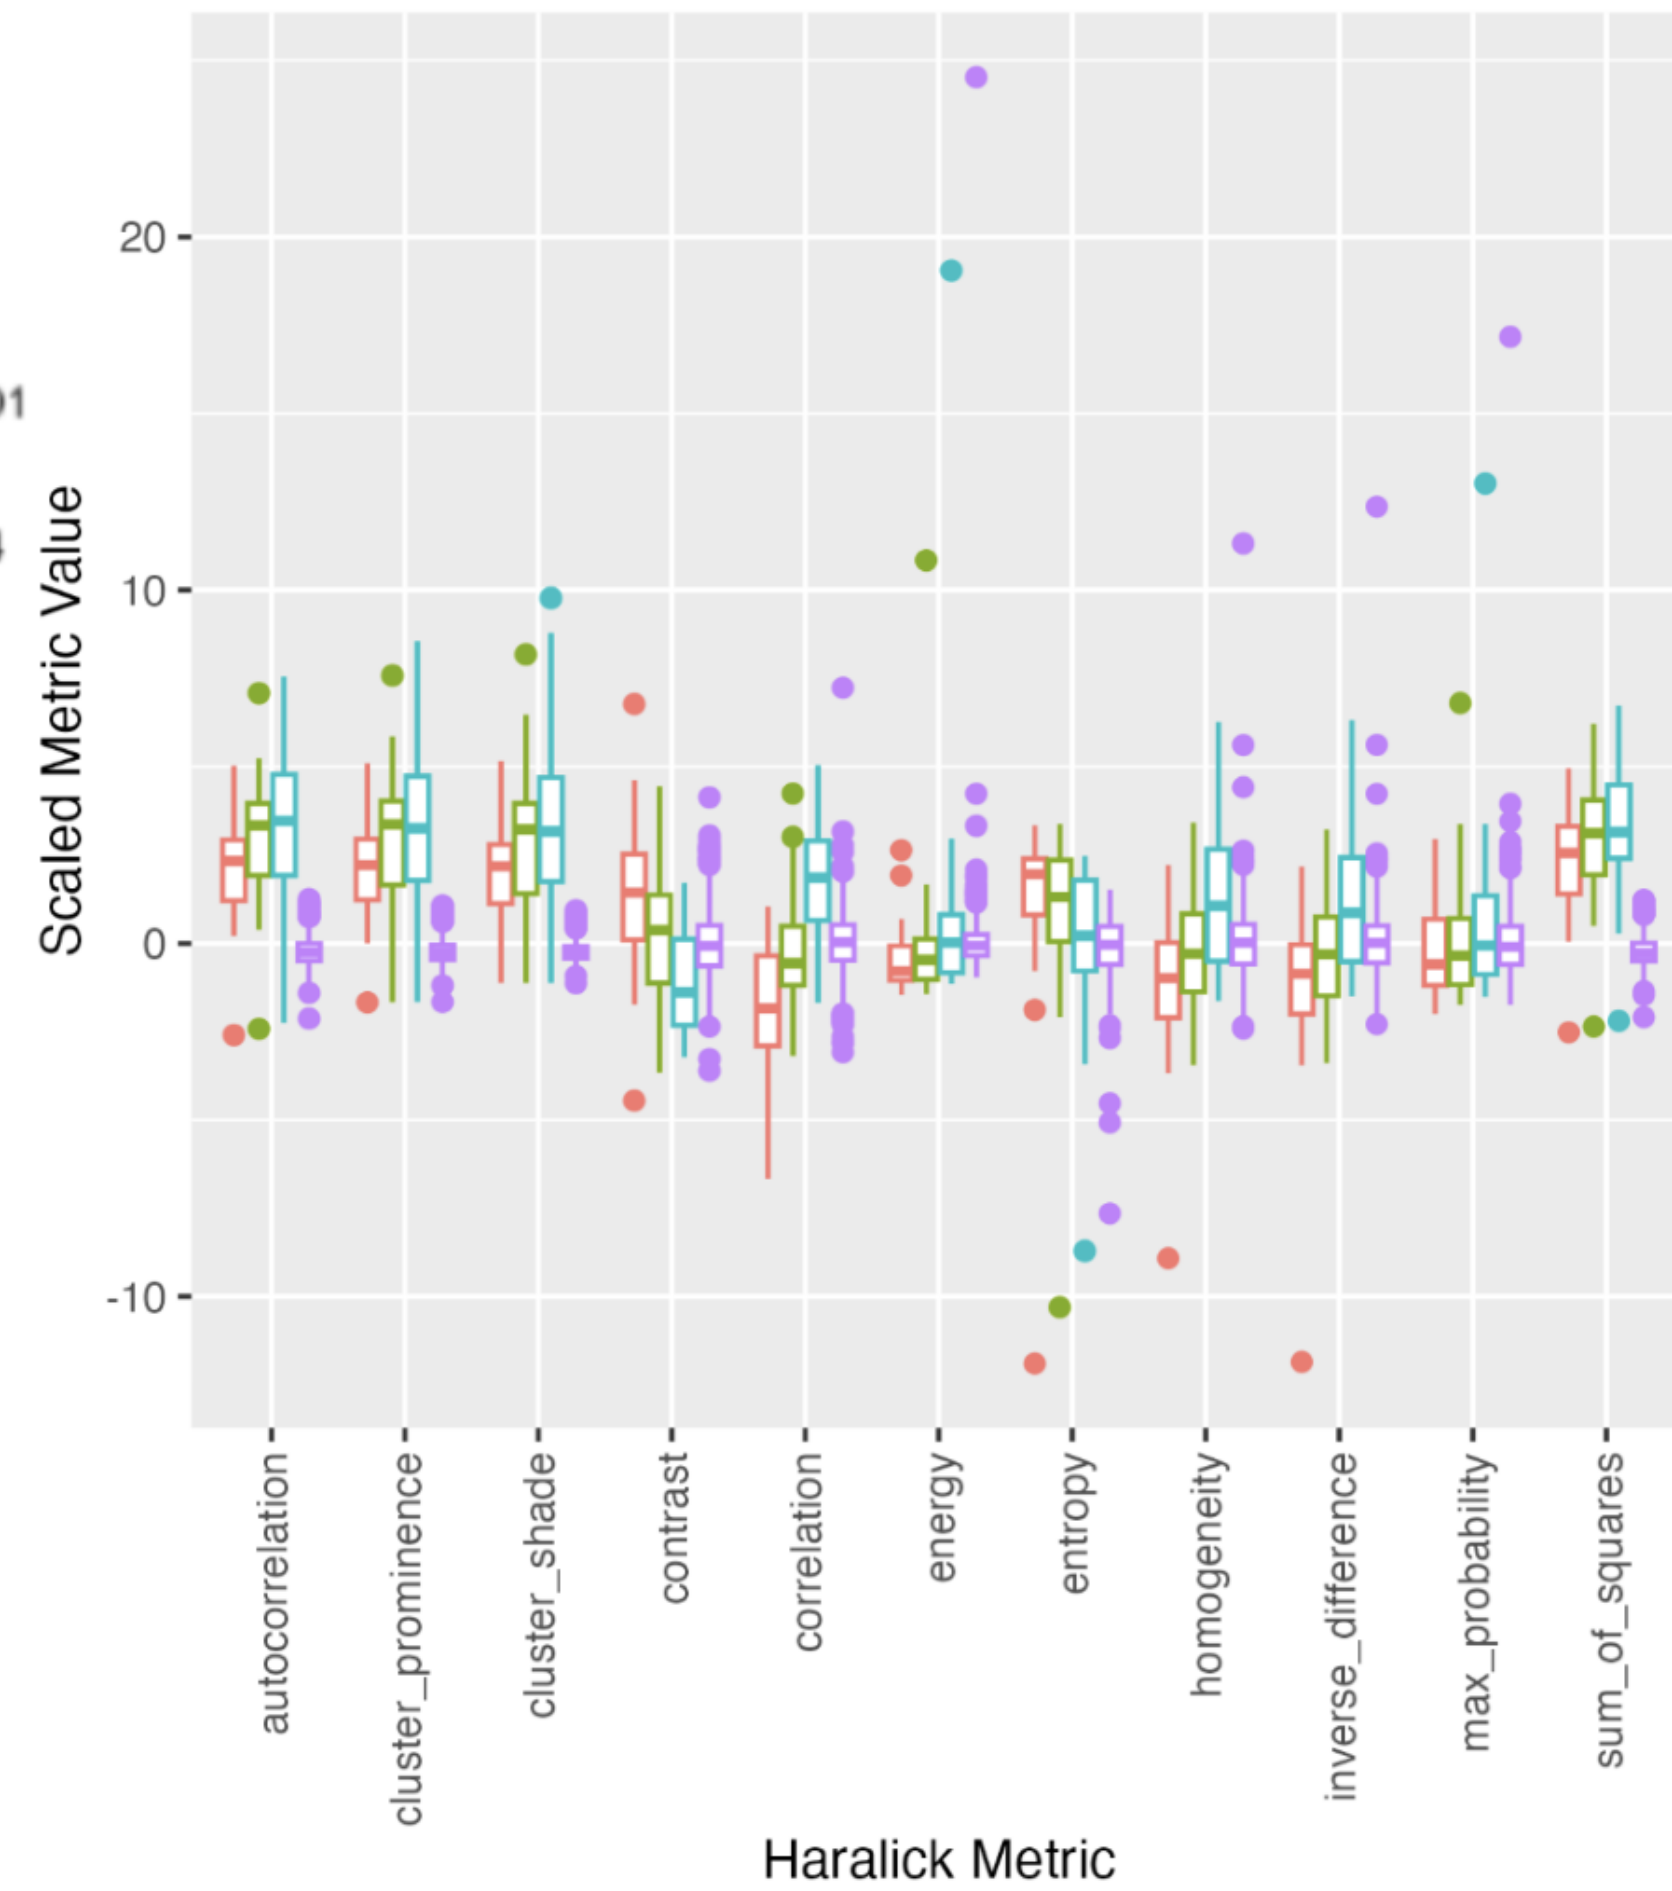

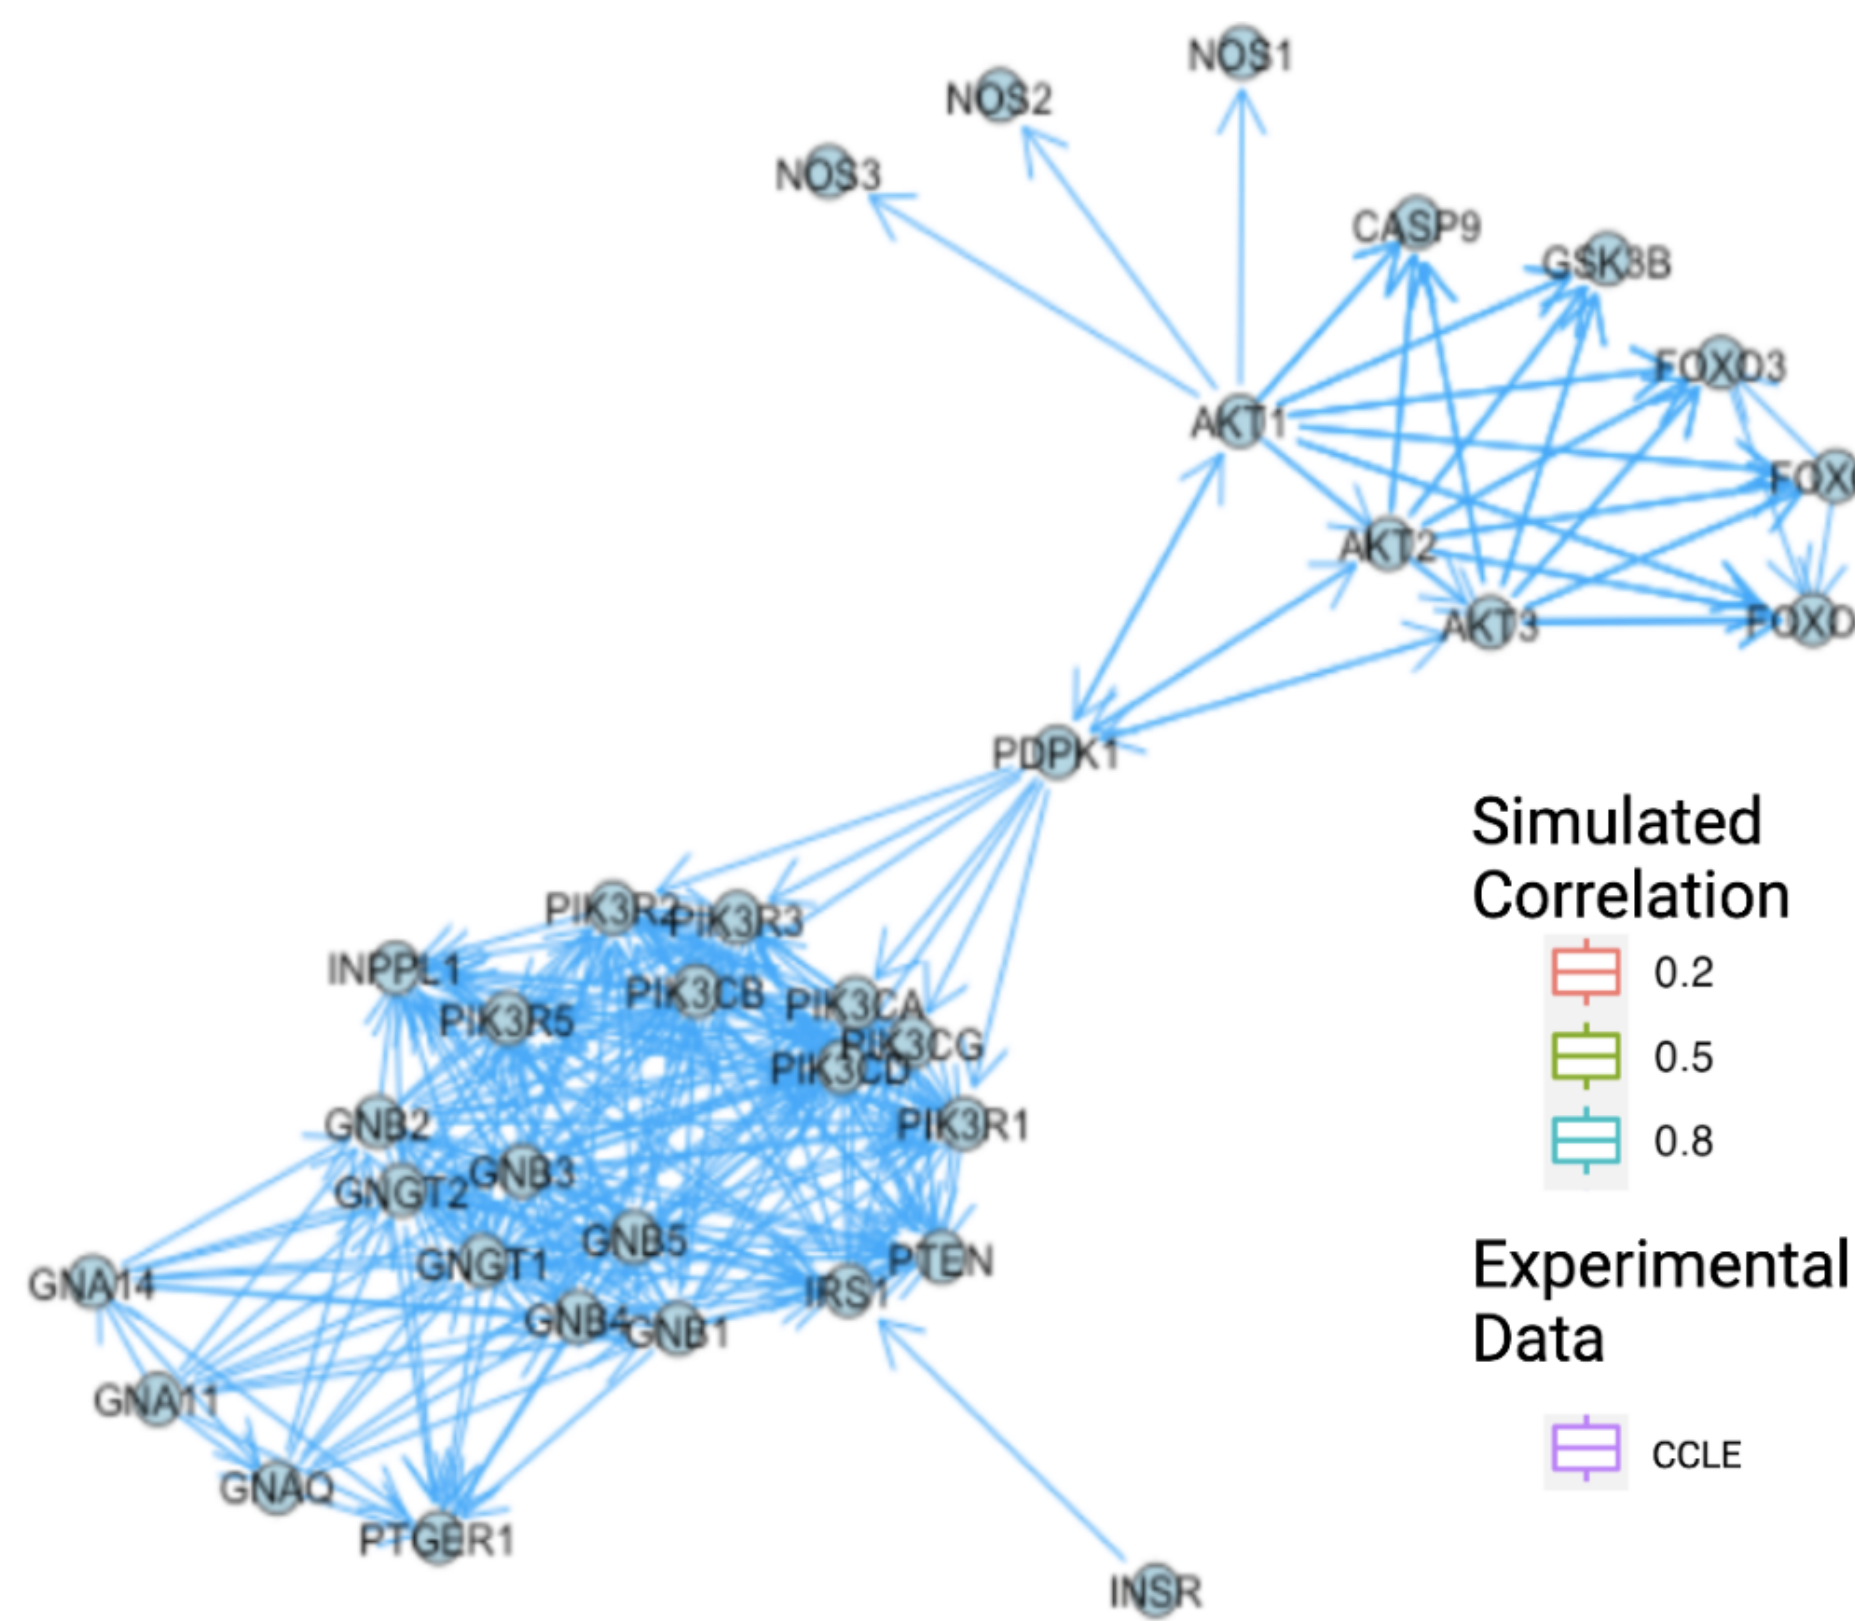

# Tell us how you made this graph

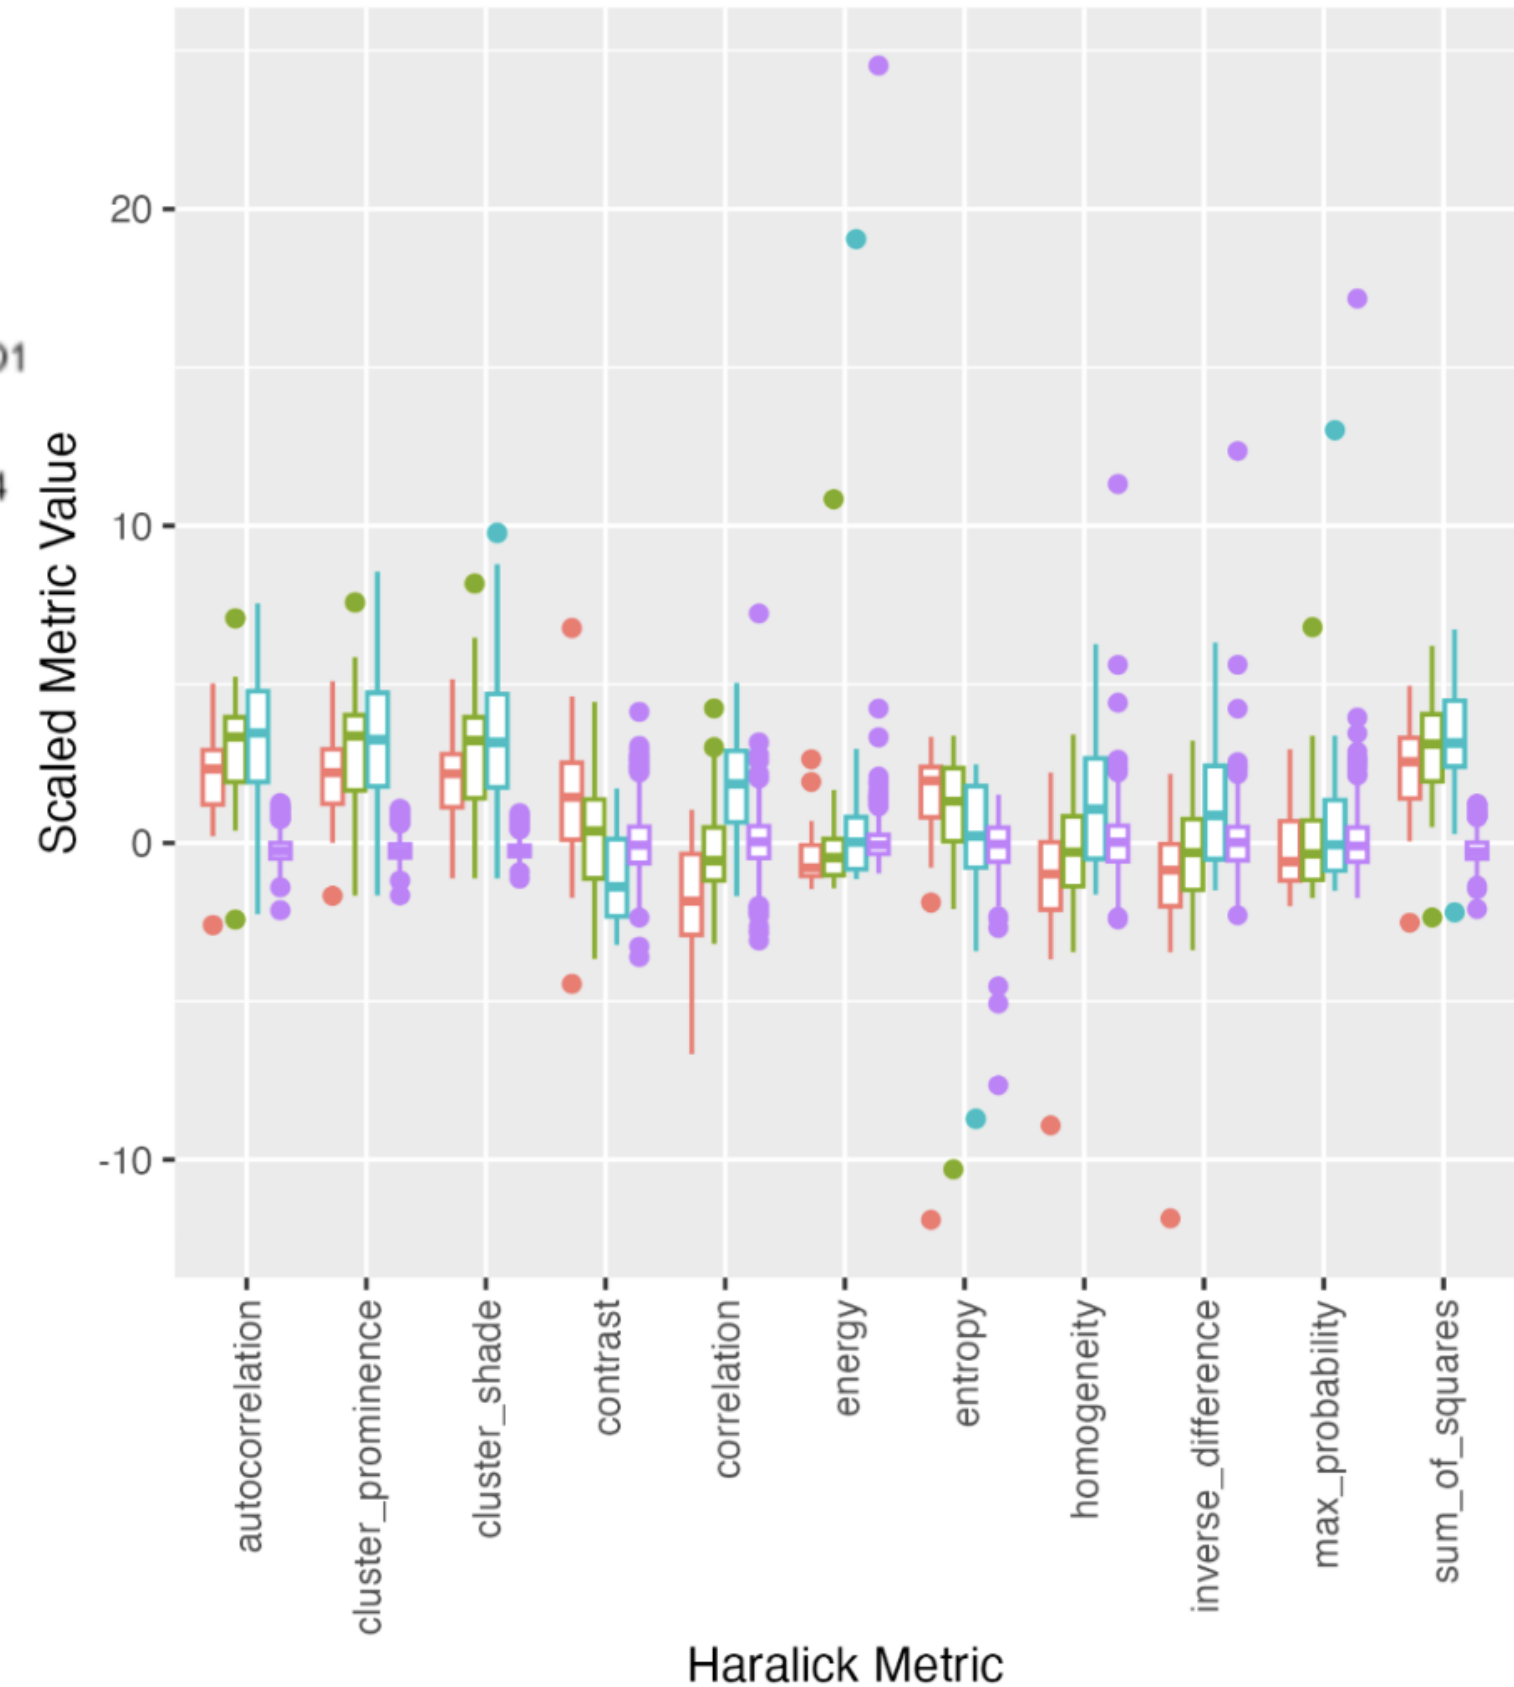

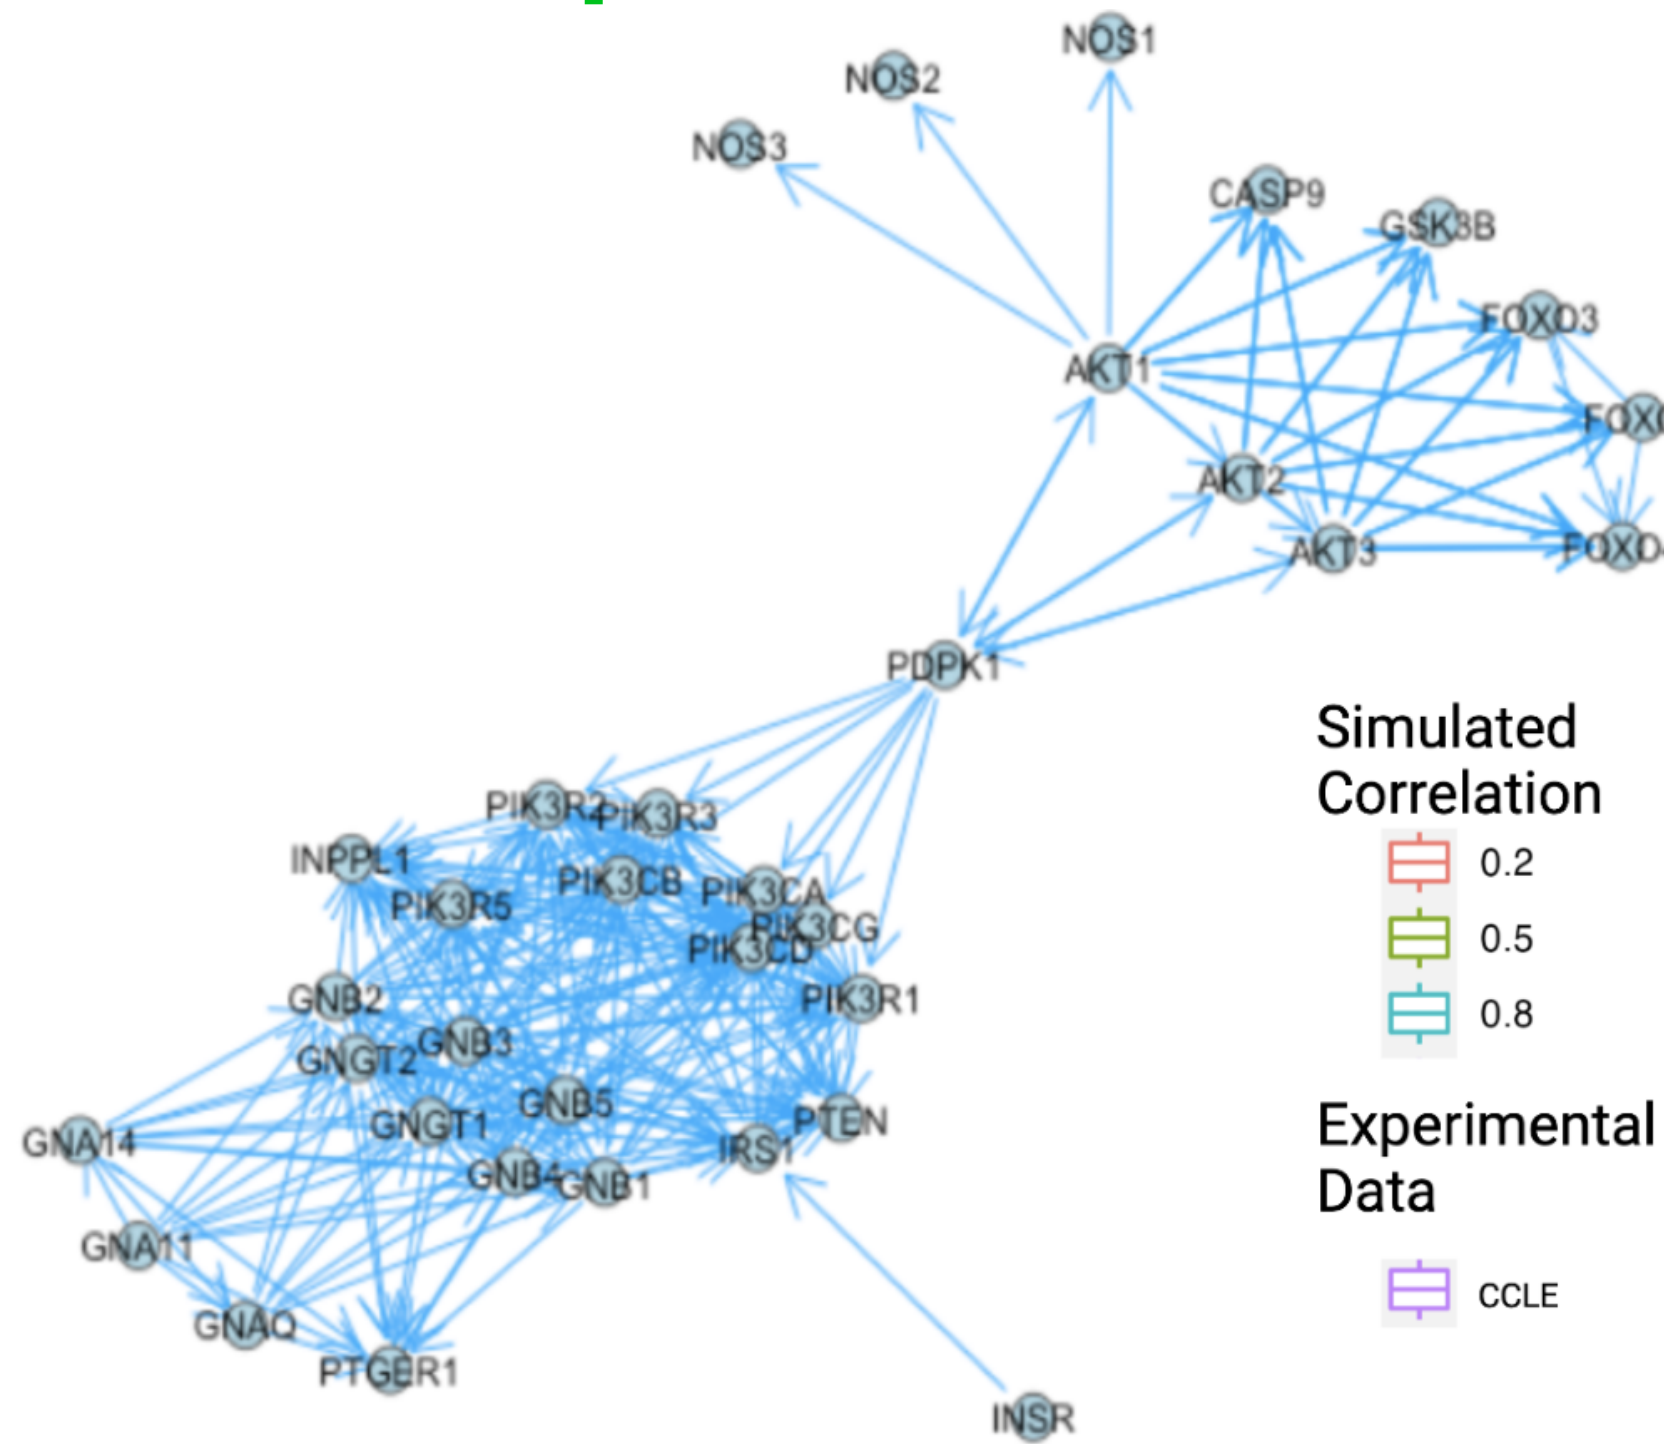

# Explain the significance of this research

# Tell us about the research that these data came from

# Describe the follow up experiment or potential follow up experiments

# Biologists and Graph Interpretation Network

interview conducted by  
Derek Sollberger
